Floating Rate
Period Interest Rate²:

During the Floating Rate Period, if not redeemed by the Bank, for each Floating Interest Period, at the Daily Compounded CORRA determined for the Observation Period in respect of such Floating Interest Period plus 0.99%, payable quarterly in arrears on each Interest Rate Payment Date.

Daily Compounded
CORRA:

For an Observation Period, the Daily Compounded CORRA will be calculated as follows, with the resulting percentage rounded if necessary to the fifth decimal place, with 0.000005% being rounded upwards and (-) 0.000005% being rounded downwards:

$$\text{Daily Compounded CORRA} = \left(\frac{\text{CORRA Compounded Index}_{\text{end}}}{\text{CORRA Compounded Index}_{\text{start}}} - 1 \right) \times \left(\frac{365}{d} \right)$$

Where:

- “**CORRA Compounded Index_{start}**” is equal to the CORRA Compounded Index value on the date that is two Bank of Canada Business Days preceding the first date of the relevant Floating Interest Period;
- “**CORRA Compounded Index_{end}**” is equal to the CORRA Compounded Index value on the date that is two Bank of Canada Business Days preceding the Interest Rate Payment Date relating to such Floating Interest Period (or, in the case of the final Interest Rate Payment Date, the Maturity Date, or if the Senior Notes are redeemed prior to the Maturity Date, the date of redemption of such Senior Notes, as applicable); and
- “**d**” is the number of calendar days in the relevant Observation Period

Floating Interest Period:

The period from, and including, each Interest Rate Payment Date commencing on the Interest Reset Date to, but excluding, the next succeeding Interest Rate Payment Date or, in the case of the final Interest Rate Payment Date, the Maturity Date or, if Senior Notes are redeemed prior to the Maturity Date, the date of redemption of such Senior Notes, as applicable.

Observation Period:

In respect of each Floating Interest Period, the period from, and including, the date that is two Bank of Canada Business Days preceding the first date in such Floating Interest Period to, but excluding, the date that is two Bank of Canada Business Days preceding the Interest Rate Payment Date or, in the case of the final Interest Rate Payment Date, the Maturity Date or, if Senior Notes are redeemed prior to the Maturity Date, the date of redemption of such Senior Notes, as applicable.

Business Day Convention:

If any Interest Rate Payment Date on or before the Interest Reset Date would otherwise fall on a day that is not a Business Day, then the Interest Rate Payment Date will be the next day that is a Business Day, and no additional interest will accrue in respect of the payment made on that next succeeding Business Day.

If any Interest Rate Payment Date after the Interest Reset Date would otherwise fall on a day that is not a Bank of Canada Business Day, then the Interest Rate Payment Date will be the next day that is a Bank of Canada Business Day, unless the next Bank of Canada Business Day falls in the next calendar month, in which case the Interest Rate Payment Date will instead be the immediately preceding day that is a Bank of Canada Business Day.

Redemption:

The Senior Notes shall be redeemable by the Bank on October 21, 2030, in whole or in part, upon not less than ten (10) nor more than thirty (30) days' prior notice, at a redemption price which is equal to par, plus accrued and unpaid interest to, but excluding, the date fixed for redemption.

In the case of a partial redemption of the Senior Notes then held in book-entry form, the Senior Notes to be redeemed will be selected by the Bank, in its capacity as paying agent, on a pro rata basis (or based on such method that most nearly approximates a pro rata selection as the Bank deems fair and appropriate), unless otherwise required by law or applicable depositary requirements.

Where the redemption would lead to a breach of the Bank's Total Loss Absorbing Capacity requirements applicable to it pursuant to the TLAC Guideline, that redemption would be subject to the prior approval of the Superintendent of Financial Institutions Canada.

Any portion of the Senior Notes redeemed by the Bank shall be cancelled and may not be reissued.

CDIC:

The Senior Notes do not constitute deposits that are insured under the *Canada Deposit Insurance Corporation Act* (the "CDIC Act").

**Bail-inable Notes
/ Canadian Bank
Resolution Powers
Acknowledgement:**

The Senior Notes are bail-inable notes subject to conversion in whole or in part – by means of a transaction or series of transactions and in one or more steps – into common shares of the Issuer or any of its affiliates under subsection 39.2(2.3) of the *CDIC Act* and to variation or extinguishment in consequence, and subject to the application of the laws of the Province of Québec and the federal laws of Canada applicable therein in respect of the operation of the *CDIC Act* with respect to the Senior Notes. For a description of Canadian bank resolution powers and the consequent risk factors attaching to the Senior Notes reference is made to https://www.nbc.ca/content/dam/bnc/a-propos-de-nous/relation-investisseurs/fonds-propres-et-dette/bail-in_senior_debt_en.pdf which information is hereby incorporated by reference.

Subsequent Holders:

Each holder or beneficial owner of a Senior Note that acquires an interest in the Senior Note in the secondary market and any successors, assigns, heirs, executors, administrators, trustees in bankruptcy and legal representatives of any such holder or beneficial owner shall be deemed to acknowledge, accept, agree to be bound by and consent to the same provisions specified in the Senior Note to the same extent as the holders or beneficial owners that acquire an interest in the Senior Note upon its initial issuance, including, without limitation, with respect to the acknowledgement and agreement to be bound by and consent to the terms of the Senior Note related to the bail-in regime.

Selling Restrictions:

This Term Sheet does not constitute an offer or invitation by anyone in any jurisdiction in which such offer or invitation is not authorized or to any person to whom it is unlawful to make such offer or invitation. The distribution of this Term Sheet and the offering or sale of the Senior Notes in some jurisdictions may be restricted by law. This Term Sheet constitutes an offering of the Senior Notes only in those jurisdictions and to those persons where and to whom they may be lawfully offered for sale and then only through persons duly qualified to effect such sales. The Senior Notes have not been and will not be registered under the *United States Securities Act of 1933* and should not be offered or sold within the United States.

Documentation:

No offering memorandum, prospectus, sales or advertising literature, or any other document describing or purporting to describe the business and affairs of the Bank has been prepared or is being provided to prospective purchasers in order to assist them in making an investment decision in respect of the Senior Notes.

This Term Sheet does not address the various consequences of ownership of the Senior Notes, including tax consequences. Prospective investors should consult their own legal and tax advisors before making an investment in the Senior Notes.

² If, on or after the Interest Reset Date (i) the CORRA Compounded Index_{start} or the CORRA Compounded Index_{end} is not published or displayed by the Reference Rate Administrator or an authorized distributor by 11:30 a.m. Toronto time (or an amended publication time, if any, as specified in the Reference Rate Administrator's methodology for calculating the CORRA Compounded Index) on the Interest Determination Date for such Floating Interest Period, but an Index Cessation Effective Date with respect to the CORRA Compounded Index has not occurred, or (ii) an Index Cessation Effective Date with respect to the CORRA Compounded Index has occurred, then Daily Compounded CORRA will be calculated by the Calculation Agent as follows, with the resulting percentage being rounded, if necessary, to the fifth decimal place, with 0.000005% being rounded upwards and (-) 0.000005% being rounded downwards:

$$\text{Daily Compounded CORRA} = \left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{CORRA}_i \times n_i}{365} \right) - 1 \right) \times \frac{365}{d}$$

Where:

- “d₀” for any Observation Period is the number of Bank of Canada Business Days in the relevant Observation Period;
- “i” is a series of whole numbers from one to d₀, each representing the relevant Bank of Canada Business Day in chronological order from, and including, the first Bank of Canada Business Day in the relevant Observation Period;
- “CORRA_i” means, in respect of any Bank of Canada Business Day “i” in the relevant Observation Period, a reference rate equal to the daily CORRA rate for that day, as published or displayed by the Reference Rate Administrator or an authorized distributor at 11:00 a.m. Toronto time (or an amended publication time, if any, as specified in the Reference Rate Administrator's methodology for calculating CORRA) on the immediately following Bank of Canada Business Day, which is Bank of Canada Business Day “i” + 1;
- “n_i” for any Bank of Canada Business Day “i” in the relevant Observation Period, means the number of calendar days from, and including, such Bank of Canada Business Day “i” to, but excluding, the following Bank of Canada Business Day, which is Bank of Canada Business Day “i” + 1; and
- “d” is the number of calendar days in the relevant Observation Period.

If neither the Reference Rate Administrator nor authorized distributors provide or publish CORRA, and an Index Cessation Effective Date with respect to CORRA has not occurred, then, in respect of any day for which CORRA is required, references to CORRA will be deemed to be references to the last provided or published CORRA.

If an Index Cessation Effective Date occurs with respect to CORRA, the interest rate for an Interest Determination Date which occurs on or after such Index Cessation Effective Date will be the CAD Recommended Rate, to which the Calculation Agent will apply the most recently published spread and make such adjustments as are necessary to account for any difference in the term, structure or tenor of the CAD Recommended Rate in comparison to CORRA.

If there is a CAD Recommended Rate before the end of the first Bank of Canada Business Day following the Index Cessation Effective Date with respect to CORRA but neither the Reference Rate Administrator nor authorized distributors provide or publish the CAD Recommended Rate and an Index Cessation Effective Date with respect to the CAD Recommended Rate has not occurred, then, in respect of any day for which the CAD Recommended Rate is required, references to the CAD Recommended Rate will be deemed to be references to the last provided or published CAD Recommended Rate.

If: (i) there is no CAD Recommended Rate before the end of the first Bank of Canada Business Day following the Index Cessation Effective Date with respect to CORRA; or (ii) there is a CAD Recommended Rate and an Index Cessation Effective Date subsequently occurs with respect to the CAD Recommended Rate, the interest rate for an Interest Determination Date which occurs on or after such applicable Index Cessation Effective Date will be the BOC Target Rate, to which the Calculation Agent will apply the most recently published spread and make such adjustments as are necessary to account for any difference in the term, structure or tenor of the BOC Target Rate in comparison to CORRA.

In respect of any day for which the BOC Target Rate is required, references to the BOC Target Rate will be deemed to be references to the last provided or published BOC Target Rate as of the close of business in Toronto on that day.

In connection with the implementation of an Applicable Rate, the Calculation Agent may, in consultation with the Bank, make such adjustments to the Applicable Rate or the spread thereon, if any, as well as the business day convention (including the Business Day Convention), the calendar day count convention, Interest Determination Dates, and related provisions and definitions (including the observation dates for reference rates), in each case as are consistent with accepted market practice for the use of the Applicable Rate for debt obligations such as the Senior Notes in such circumstances.

Any determination, decision or election that may be made by the Bank or the Calculation Agent, as applicable, in relation to the Applicable Rate, including any determination with respect to an adjustment or the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding for all purposes absent manifest error; (ii) if made by the Bank, will be made in the sole discretion of the Bank, or, as applicable, if made by the Calculation Agent will be made after consultation with the Bank and the Calculation Agent will not make any such determination, decision or election to which the Bank objects and will have no liability for not making any such determination, decision or election; and (iii) shall become effective without consent from the holders of the Senior Notes or any other party.

“Applicable Rate” means one of the CORRA Compounded Index, CORRA, the CAD Recommended Rate, or the BOC Target Rate, as applicable;

“Bank of Canada Business Day” means a day that Schedule I banks under the *Bank Act* (Canada) are open for business in Toronto, Ontario, Canada, other than a Saturday or a Sunday or a public holiday in Toronto (or such revised regular publication calendar for an Applicable Rate as may be adopted by the Reference Rate Administrator from time to time);

“BOC Target Rate” means the Bank of Canada’s target for the overnight rate as set by the Bank of Canada and published on the Bank of Canada’s website;

“CAD Recommended Rate” means the rate (inclusive of any spreads or adjustments) recommended as the replacement for CORRA by a committee officially endorsed or convened by the Bank of Canada for the purpose of recommending a replacement for CORRA (which rate may be produced by the Bank of Canada or another administrator) and as provided by the administrator of that rate or, if that rate is not provided by the administrator thereof (or a successor administrator), published by an authorized distributor;

“Calculation Agent” means a third party trustee or financial institution of national standing with experience providing such services (which may be an affiliate of the Bank), which has been selected by the Bank;

“CORRA” means the Canadian Overnight Repo Rate Average, as published by the Bank of Canada, as the administrator of CORRA (or any successor Reference Rate Administrator) on the website of the Bank of Canada or any successor website;

“CORRA Compounded Index” means the measure of the cumulative impact of CORRA compounding over time administered and published by the Bank of Canada (or any successor Reference Rate Administrator);

“Index Cessation Effective Date” means, in respect of an Index Cessation Event, the first date on which the Applicable Rate is no longer provided. If the Applicable Rate ceases to be provided on the same day that it is required to determine the rate for an Interest Determination Date but it was provided at the time at which it is to be observed (or, if no such time is specified, at the time at which it is ordinarily published), then the Index Cessation Effective Date will be the next day on which the rate would ordinarily have been published;

“Index Cessation Event” means:

- (A) a public statement or publication of information by or on behalf of the Reference Rate Administrator or provider of the Applicable Rate announcing that it has ceased or will cease to provide the Applicable Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor Reference Rate Administrator or provider of the Applicable Rate that will continue to provide the Applicable Rate; or
- (B) a public statement or publication of information by the regulatory supervisor for the Reference Rate Administrator or provider of the Applicable Rate, the Bank of Canada, an insolvency official with jurisdiction over the Reference Rate Administrator or provider of the Applicable Rate, a resolution authority with jurisdiction over the Reference Rate Administrator or provider of the Applicable Rate or a court or an entity with similar insolvency or resolution authority over the Reference Rate Administrator or provider of the

Applicable Rate, which states that the Reference Rate Administrator or provider of the Applicable Rate has ceased or will cease to provide the Applicable Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor Reference Rate Administrator or provider of the Applicable Rate that will continue to provide the Applicable Rate;

“Interest Determination Date” means, in respect of a Floating Interest Period, the date that is two Bank of Canada Business Days preceding each Interest Rate Payment Date, or, in the case of the final Floating Interest Period, preceding the Maturity Date, or, if applicable, preceding the date of redemption of any Senior Notes; and

“Reference Rate Administrator” means the Bank of Canada or any successor administrator for CORRA and/or the CORRA Compounded Index or the administrator (or its successor) of another Applicable Rate, as applicable.
